

AS A COMMUNITY, WE NEED TO UPGRADE!

Poverty has played a large part in the **drugs and violence in our neighborhoods**. Together, we can upgrade our communities **financially, professionally, and residentially** to **undo the poverty trap**. We will find relief, begin to achieve higher levels of success, and create a better quality of life for ourselves, our loved ones, and our communities.

UPGRADE IS CHRIST-FOCUSED

Christ is a very important part of upgrading ourselves and our communities. He is the **provider** of our needs. He is the **healer** of our communities. With Christ, we will watch **lives change around us**. For a successful upgrade in our finances, income sources, homes, and neighborhoods, **we must put Christ first and maintain our faith in Him**.

“For with God, nothing shall be impossible...”

– Luke 1:37

*“When we live out our highest potential individually, then work together as a collective, we as a people become **successful and unified**, and our communities **advance to new heights**.”*

CAREER ADVANCEMENT

Upgrade encourages us to strive toward reaching our **highest potential**. To help each of us progress in the areas of our passion, **Upgrade matches experts in various fields of interest with those who are eager to learn.**

Some themes to explore in Upgrade include:

- ❖ Going far in your profession of choice
- ❖ Starting and growing a successful business
- ❖ Acquiring and managing real estate
- ❖ Wealth generation through investments

FINANCIAL WISDOM

The Financial Wisdom Series of Upgrade is a key part of upgrading ourselves and our neighborhoods. **As a community, we need excellent finances.** We must **strategically use the money** we bring into our communities to **strengthen and heal our neighborhoods.**

To be financially strong as a community, first we must have **financial strength on an individual level.** In Upgrade, we discuss topics such as:

- ❖ Having an emergency fund
- ❖ Debt/Credit solutions
- ❖ Saving for retirement
- ❖ Benefits of insurance
- ❖ Strategies for financial abundance
- ❖ The concept of “old money” and how to create it

“We will find relief, begin to achieve higher levels of success, and create a better quality of life for ourselves, our loved ones, and our communities.”

HOME IMPROVEMENT

In Upgrade, we believe in a high standard of **excellence.** We all deserve to have **beautified**, safe, comfortable, and unified communities. To accomplish this, **we work collectively** to upgrade our homes and neighborhoods. Those who have an upgraded residence and neighborhood have a passion to **help others reach the same heights.**

Many of us are masters in skills related to home care and neighborhood improvement. Upgrade offers workshops where, as volunteers, **we can share our talents and knowledge** to benefit others. We apply what we learn to develop and beautify our own properties, as well as those of our neighbors and other communities through **hands-on** application. All services, classes, and labor are **completely free** and voluntary.

A few of the many possible topics to choose from include:

- ❖ Interior Design
- ❖ Landscaping
- ❖ Maintenance and Repair
- ❖ Neighborhood Beautification
- ❖ Neighborhood Unity

Collective Effort

WHY A COLLECTIVE EFFORT?

Individually, none of us have all of the answers. The good news is that **we are not alone on this journey.** We do not need to see the whole picture. When one of us does not know an answer, someone else may have it. This is why **it is important that we come together... all of us.** Everyone has something to contribute. When we support each other as members of one unified community, **we all climb the ladder together** and as a collective we all progress.

As creations of God, we are all given **wisdom and talents to share with one another.** We can use these to help each other to upgrade in every way that we and our communities desire. Upgrade is limitless!

HOW TO GET INVOLVED...

If you are **interested in learning more** about Upgrade, we would love to hear from you. **If you have an expertise** that you would like to share to help others to upgrade, or **if you would like to upgrade yourself**, join us! If you are already in the process of upgrading yourself and your community, please contact us so that we can join your efforts. **Let us unite so we can upgrade together.**

When we live out our highest potential individually, then work together as a collective, we as a people become successful and unified, and our communities advance to new heights.
